

# Cricut Design Space Sign In: Access Your Crafting Companion App

Are you looking for the best [Cricut Design Space sign in](#) method? Then, my lovely readers, I welcome you with open arms. I have been in the world of crafting for more than two and a half years, and I have discovered my hidden skills and brushed up on the existing ones. Cricut Design Space can be defined as “a digital design program that will allow you to create uncountable do-it-yourself crafts with its tools and library.” Also, it is an easy-to-learn and free-to-use app that runs together with Cricut machines while crafting.

If you want to make your most beloved crafts with the Cricut machine, ensure you’ve installed the Cricut app on your PCs or smartphones. You must create an account and sign in to the Cricut account to create new projects. Continue exploring this blog and learn about downloading and installing this software on Mac, creating a Cricut ID, and signing in to an account.

## Download Cricut Design Space on a Computer

Before starting with the [Cricut Design Space sign in](#) process, you must have the app on your Mac system. Study this specific area of the blog, and

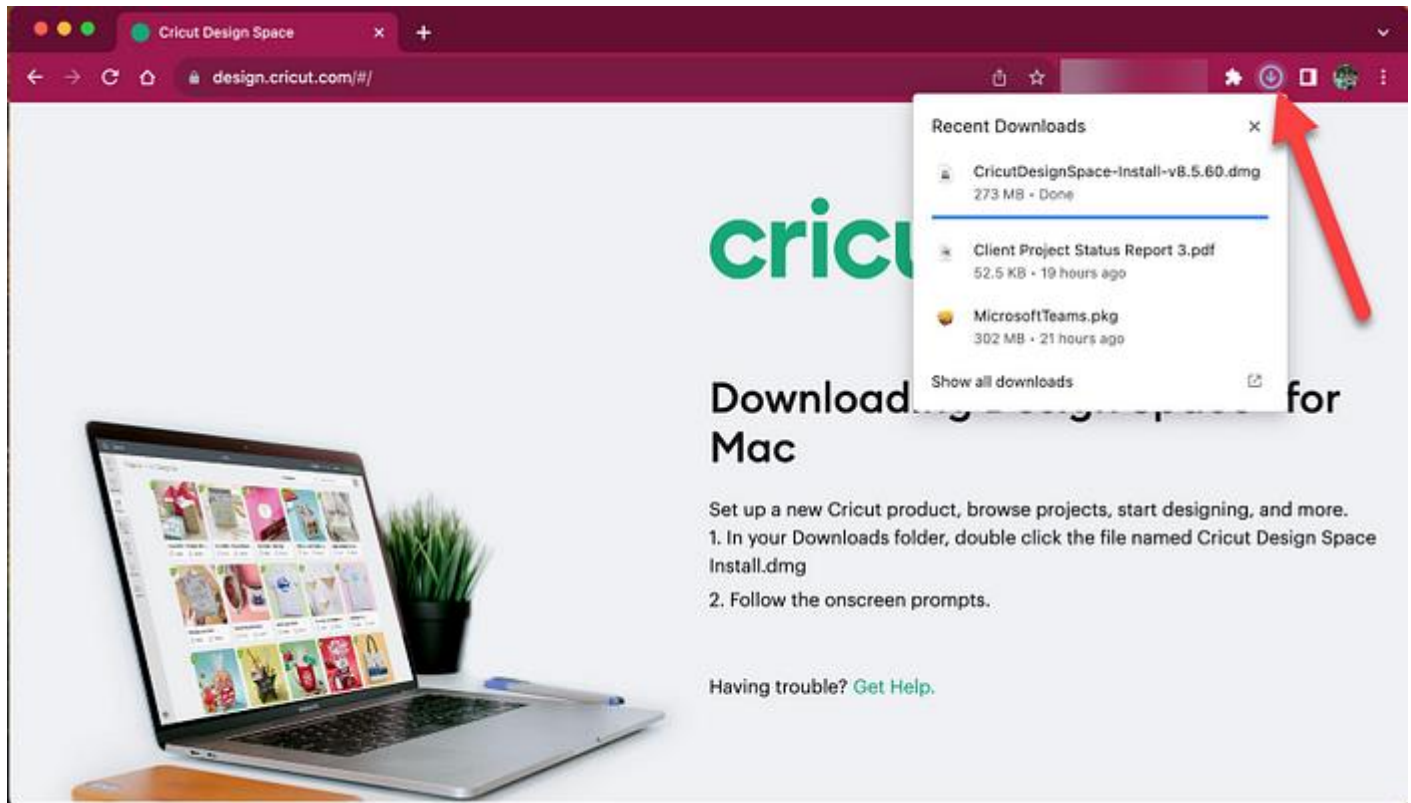

you will get to know about the total steps that you need to take while getting this designing application on a computer:

1. Initiate the method by opening Safari and departing to **design.cricut.com**.
2. After arriving there, click the **Terms of Use & Private Policy** checkbox.
3. Next, tap the **Download** option and choose the folder to save the file.

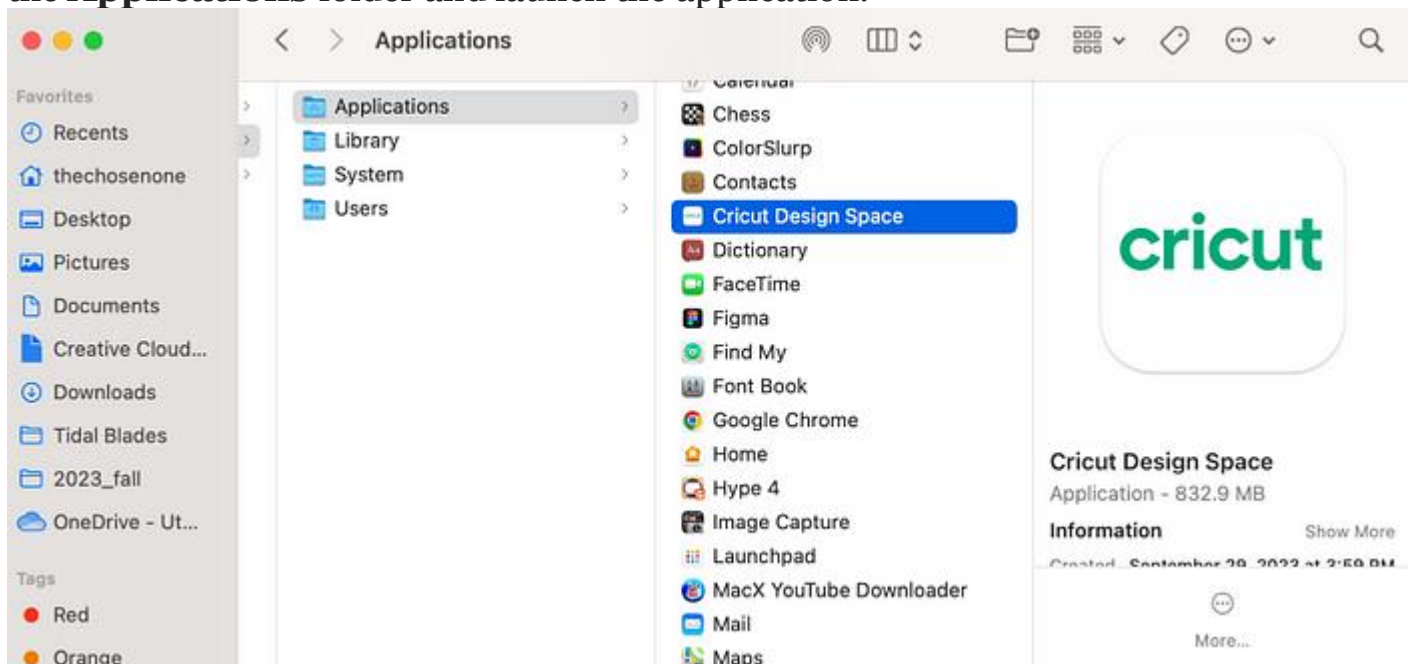

4. Now, tick the **Save** button, and the file will instantly download to your system.

5. Afterward, go to the browser or **Downloads** folder and double-click the visible .dmg file.

6. At the new pop-up window, move the Cricut Design app into the **Applications** folder and launch the application.

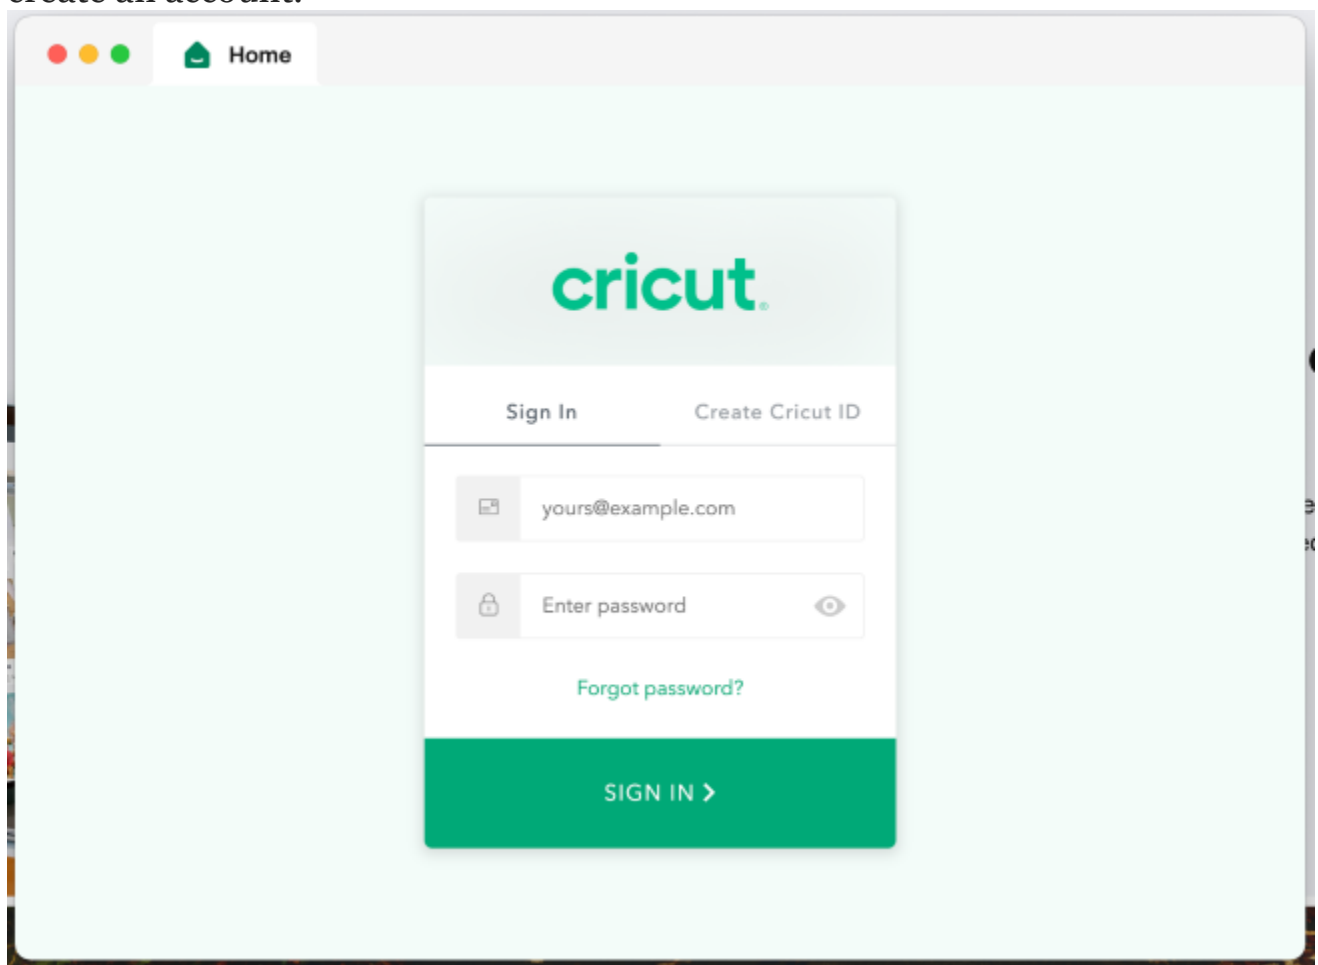

6. Subsequently, double-click the Cricut software and launch the app.

7. A small pop-up window will ask you to open the downloaded app on your system.

8. Also, press **Open** to carry on with the process, and your app will get open.

9. At this time, you must sign in using your Cricut sign-in credentials or create an account.

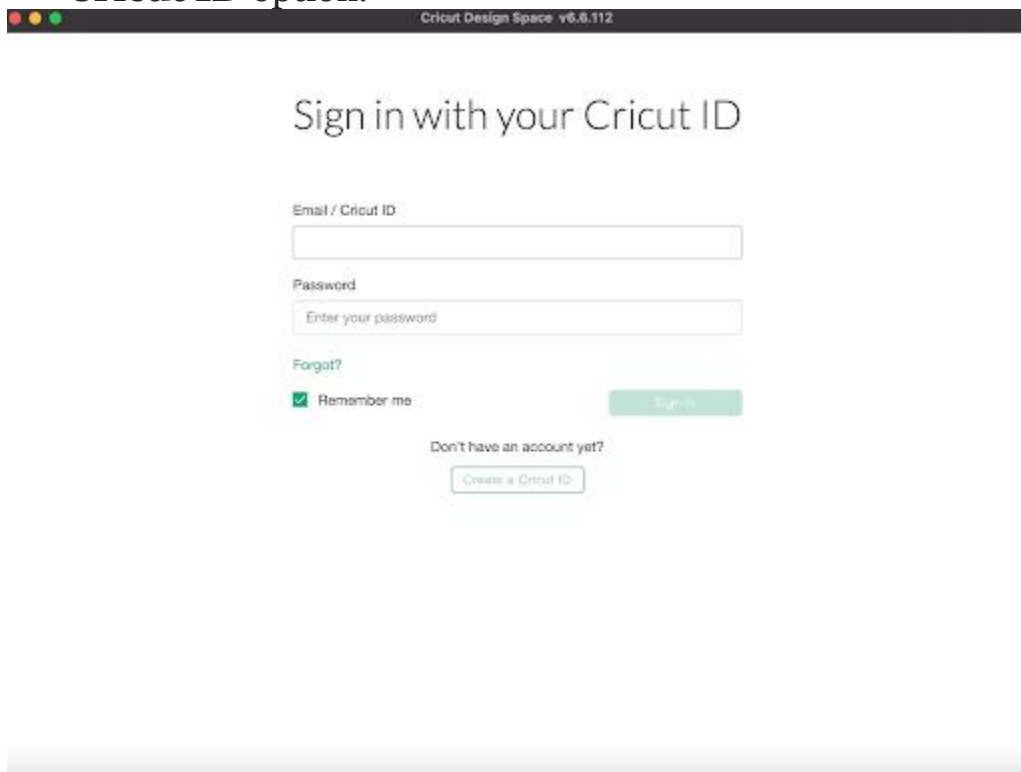

10. Finally, you can now use the Cricut Design app to draw various designs using tools and other features.

After installing the app on your Mac system, let's organize the blog by teaching you how to create a Cricut account.

## Steps to Create a Cricut Design Space Account

You are a step closer to signing in to the Cricut Design app, and to do it properly, you need to create your Cricut ID. If you are a new user and want to create a separate account, look at the tips below. It will make your process quite simple and aware of the steps involved in it:

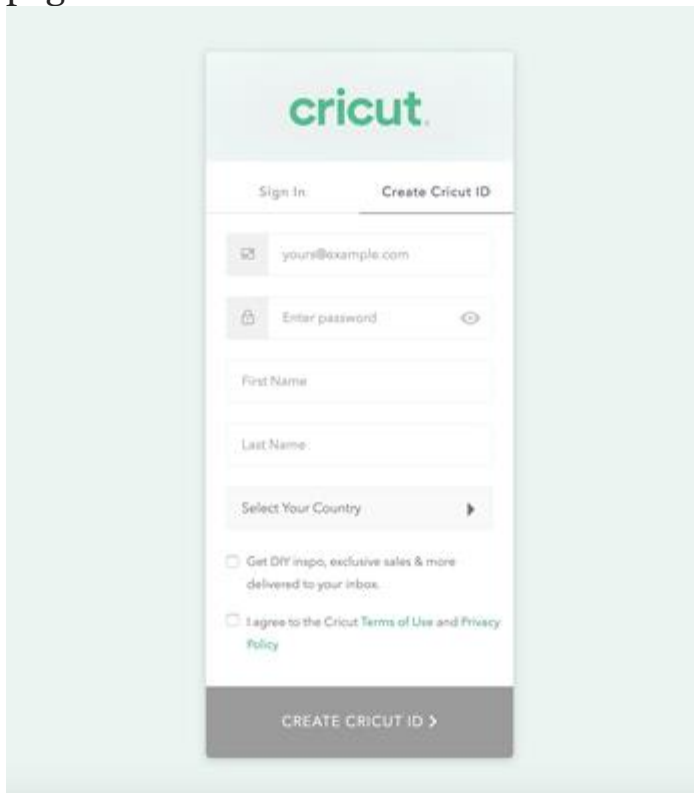

1. After installing the app on your device, open it and tick the **Create Cricut ID** option.

2. Now, you must enter your **personal email ID, first name, and last name and select your country.**

3. Next, select the **DIY Import & Terms of Use & Privacy Policy** checkbox.

4. Following this, tick the **Create Cricut ID** given at the bottom of the page.

A screenshot of the Cricut mobile app's sign-up page. The page features the Cricut logo at the top, followed by 'Sign In' and 'Create Cricut ID' tabs. Below the tabs are input fields for 'Email' (containing 'yours@example.com'), 'Enter password', 'First Name', and 'Last Name'. A 'Select Your Country' dropdown menu is also present. At the bottom, there are two checkboxes: 'Get DIY inspo, exclusive sales & more delivered to your inbox.' and 'I agree to the Cricut Terms of Use and Privacy Policy'. A large 'CREATE CRICUT ID' button is at the very bottom.

5. After a few minutes, you will receive a pop-up notification with your separate **Cricut ID & password.**

6. Now, pen down your login credentials on the Cricut sign-in page.

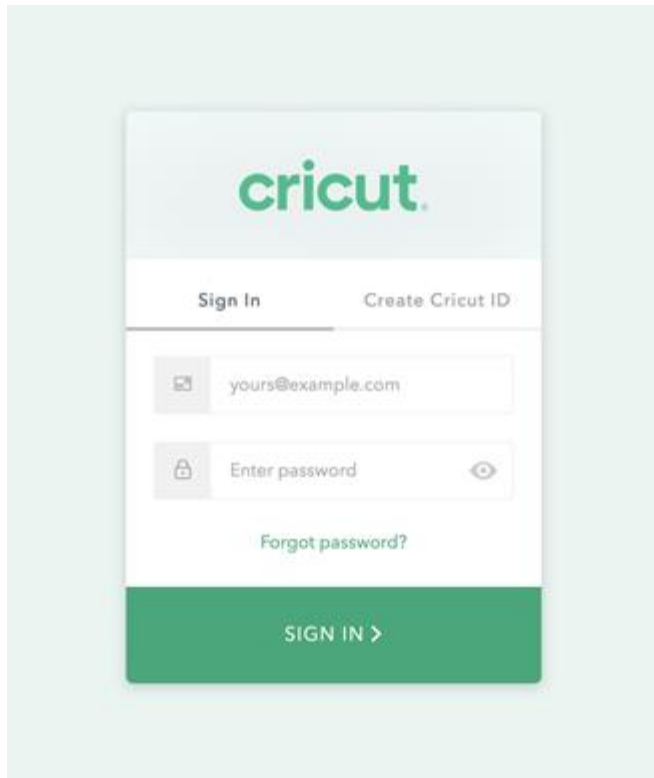

7. Conclude the process by starting to create your projects on Canvas.

Since you have successfully created your Cricut ID, you can now sign into your Cricut account. To learn the process in depth, refer to the details shared in the section below.

## **Cricut Design Space Sign In Procedure**

Consequently, this is the most important part of the blog, as it will completely focus on teaching you how to sign in to your Cricut Design account. Take the help of the below pointers and get to know in-depth about the process:

1. Start the process by opening the Design Space app on your respective device.
2. Now, enter your **Cricut ID** & **password** on the **Cricut sign-in** page.
3. Afterward, tick the **Sign In** the present at the center of the page and wait for a few seconds.

4. At this point, you will automatically get connected to your [Cricut Design Space](#) canvas.

5. Put an end to the process by starting drawing your imaginative designs using the tool & other features.

## Conclusion

To sum up this blog, it can be stated that Cricut Design Space plays a crucial role for all DIYers when they create something new. Before anything else, you must get the Cricut app on your device, create your account, and sign in with your credentials. Without the account, you won't be able to draw the design or transfer the file to the crafting machine
